

Features:

Whether you're designing a new cable management system, or retrofitting an existing one, CCI's Rack Built Fiber Cable Management System will offer sturdy, cost effective, modular sheet-metal components for maximum configuration flexibility to meet almost any cable routing/handling needs.

Materials:

Cable Tray & End Cap 20 (.035") GA Cold Rolled Steel (CRS); Tray Connectors & Mounting Bracket 12 (.105") GA Cold Rolled Steel (CRS); and Cable Divider Bracket 16 (.060") GA Cold Rolled Steel (CRS).

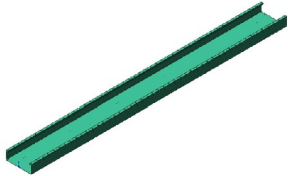

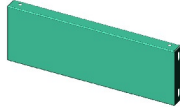

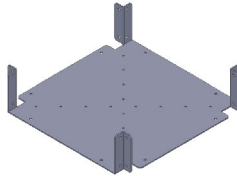

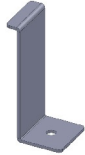

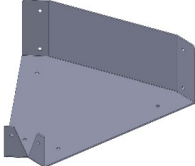

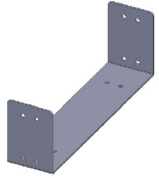

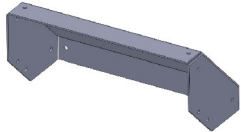

Finish:

Cable Tray/End Cap & Connectors: Semi-gloss textured Black. Mounting & Divider Brackets: Clear Zinc plating (Other finishes available on request)

Attachment Fasteners Options:

Screw package: #10-32 screws, flat/lock washers, & nuts allow easy, flexible assembly & disassembly of all components.

Rivet package: Blind rivets allow quick, semi-permanent assembly. Disassembly requires drilling out the existing rivet without damaging the cable tray and/or the attachment accessories.
